

Mission and Vision

Provide accessible and timely Behavioral Health services to military children and families through consultation and collaboration with PCMs. Provide comprehensive evaluations and short term treatment for children and families who exhibit a wide variety of behavioral and psychiatric challenges. Our goal is to provide the most clinically effective and least restrictive level of care to our patients.

Self-Referrals

To AVOID any delays and/or billing, first inquire with the community network provider, if they require a referral?

If required, referrals can be made by your Primary Care Manager (PCM).

Contact TRICARE for Behavioral Health providers in the El Paso Community Network.
